

About the regional networks of MEYER WERFT and NEPTUN WERFT

MEYER WERFT and NEPTUN WERFT are offering their respective regional network on the MEYER NEPTUN PORTAL. Regional companies can join a network in order to offer their products and services to national and international partner companies of the shipyards who are seeking support on site in Papenburg or Rostock-Warnemünde.

Membership in the MEYER NEPTUN PORTAL and in the networks is free of charge.

Who can join the networks?

For joining the **regional network of MEYER WERFT** you must be headquartered in one of the German post code areas 26..., 27..., 28..., 48... or 49... or in one of the Dutch provinces Friesland, Groningen or Drenthe.

For joining the **regional network of NEPTUN WERFT** you must be headquartered in one of the German post code areas 17..., 18..., 19... or 23...

Use the online supplier registration form and tick the box "We would like to join the regional network". The purchase departments of the shipyards will decide whether you will be accepted to join the MEYER NEPTUN PORTAL.

Upon processing of your registration you will be informed about your status by e-mail. If you are accepted to join the MEYER NEPTUN PORTAL, your status will be "potential supplier to MEYER WERFT", "potential supplier to NEPTUN WERFT" or "potential supplier to MEYER WERFT and NEPTUN WERFT" plus or without membership in the regional network. Or you will join the portal as a member of the regional network only.

Then we will e-mail you the Terms and Conditions for using the portal. As soon as you have returned your confirmation that these are accepted, you will receive your login data for the portal by email. If your registration for the MEYER NEPTUN PORTAL could not be accepted, you will be informed accordingly.

You can access your registration data in the self-disclosure of the MEYER NEPTUN PORTAL with your login data. In the self-disclosure of the portal you are requested to provide more information about your company. All portal members are committed to make sure that their company data are always up to date, and that changes to the company data are implemented in the portal straight away. Moreover the members are able to make changes to the product groups/services they offer.

The regional networks merely serve the purpose of establishing contact among the members. Any business transaction resulting from such contacts will take place without MEYER WERFT's or NEPTUN WERFT's interaction or participation.

The national and international partner companies of the shipyards, which are seeking support in the regional network will merely see the following of your company data:

- General company data as delivered in the supplier registration (tab "General data" in the self-disclosure in the portal)
- Contacts as referenced by you (tab "Contact")
- Product groups/services selected for the supplier registration (tab "Product groups") in the portal

Other data inquired from you in the self-disclosure of the MEYER NEPTUN PORTAL will not be displayed.
